- Contact:** Tournament Director Howard Covington at 341-0283 or rwgjw@phglofhawaii.org for additional information.

Method of Play

- Each group will select a Team captain prior to teeing off.
- Play begins with each member of the group teeing off.
- With the agreement of the other members of the group, the team captain decides which drive is the most desirable.
- The other members of the group pick up their balls and proceed to the spot of the selected drive, where they will hit their second shots.
- The ball must be hit from within one club length.
- The better of the second shots is then chosen. The group will then hit all their putts (or third shots) from that spot. Everyone must put from the same spot.
- This procedure continues until the ball is in the hole.
- At the end of each hole, the score for the group is recorded on the card.

Note: The maximum score allowed is double-par. After that, simply pick up the balls and move on to the next hole.

Registration

Organization Name _____

Team Captain _____

Player 2: _____
